PROFESSIONAL SUMMARY

Experienced frontend developer focused on building accessible, responsive, and maintainable user interfaces. Strong fundamentals in HTML, CSS, and JavaScript plus practical experience with React, modern build tools, and component-driven design. Fast learner who collaborates with designers and backend teams to deliver user-focused products.

EXPERIENCE (SELECTED)

Frontend Developer — Freelance / Projects

Self-directed • Remote

- Built responsive React applications and static sites with focus on performance and accessibility.
- Implemented component libraries, reusable UI patterns, and design system primitives using CSS modules / Tailwind / styled-components.
- Optimized page load and runtime performance: reduced bundle size, lazy-loaded routes/components, and minimized render-blocking resources.
- Worked closely with designers to translate Figma designs into pixel-accurate UIs and interactive animations.
- Added unit and integration tests for critical UI flows using Testing Library and Jest.

Frontend Intern / Team Projects

Academic & Collaborative Work

- Integrated RESTful APIs and GraphQL endpoints into client apps and handled loading/error states gracefully.
- Improved accessibility (A11y) by adding semantic markup, keyboard navigation, and ARIA where appropriate.
- Collaborated in Agile workflows: PR reviews, feature branches, and CI pipelines for deployments.

CORE SKILLS

HTML & Semantic Markup	CSS, Flexbox & Grid	JavaScript (ES6+)	React / Hooks
TypeScript	Responsive Design	Accessibility (A11y)	Testing (Jest, Testing Library)
Performance Optimization	Git & CI/CD		

TOOLS & FRAMEWORKS

- React, Vite, Create React App
- Tailwind CSS, SASS, PostCSS
- Figma, Chrome DevTools
- Webpack, Rollup, npm/yarn

EDUCATION

BEI — IOE, Thapathali Campus (Currently Enrolled)

LANGUAGES

Nepali (Native), English (Fluent)

PROJECTS & HIGHLIGHTS

- Portfolio site: component-driven React site with responsive layout and contact form.
- UI component library: set of reusable React components with accessibility and theming support.
- Performance improvements: measured and reduced Time to Interactive on key pages by deferring non-critical JS.

AVAILABILITY & WORK PREFERENCE

Open to full-time, part-time, and contract roles. Comfortable with hybrid or remote setups. Available to start with typical notice period depending on role.
